# Who

Lynne Spears arrives in Los Angeles on Oct. 5.

FIRST

## Who got it RIGHT?

This week's guest judge  
**Louise McBride**  
The Sydney insider at Starz states the best runway ensembles and what she's looking to place in a show studio and a layer of haute couture.

**Dia Haddock**  
Sydney, Sept. 5  
"Della looks young and fresh in this 1960s-inspired red. The waist orange tones flatter her skin."

**Micki Lee Crocker**  
Sydney, Sept. 5  
"The pattern adds curves to all the wrong places. Some volume in her hair style would have added a lot of interest."

GEOMETRICS

**Biggest blunder**  
"These halter shoes! The round toe gives her legs a wider base."

**Biggest blunder**  
"The tummy hat is dumb and dated. It borders fashion suicide."

YELLOW TOTE

**Cameron Diaz**  
Los Angeles, June 30

"Although I like the trim on the bag, there's too much going on here—the hat, the crochet top and that too-enormous bag."

**Jessica Simpson**  
New York, Sept. 9

"Jess has done well here—big sunglasses and a big bag make her look petite. The soft yellow bag is flattering with her complexion."
